

1 Graphs

Overview

Host graphs can be accessed from *Monitoring* → *Hosts* by clicking on Graphs for the respective host.

Any [custom graph](#) that has been configured for the host can be displayed, however, no more than 20 graphs can be displayed at one time.

The *View as* option allows to view the data graphically or as values. Graphs for disabled hosts are also accessible.

Time period selector

Take note of the time period selector above the graph. It allows to select often required periods with one mouse click.

See also: [Time period selector](#)

Using filter

To view a specific graph, select it in the filter. The filter allows to specify one host at a time (host is mandatory), and then specify host graphs either by selecting from the list or by searching by the graph name pattern.

Buttons

Buttons to the right offer the following options:

	Add graph to the favourites widget in the Dashboard .
	The graph is in the favourites widget in the Dashboard . Click to remove graph from the favourites widget.

View mode buttons being common for all sections are described on the [Monitoring](#) page.
